

How to install b03tzLCD: (4th sept, 2012)

A lot of you have problems with installing b03tzLCD, but it's very simple. Just follow these steps:

- Download "Windows Live Essentials" - [click here](#)
(at the bottom right it says "**Download now**")
- Install "Window live essentials"
(be sure to install **at least** MSN Messenger and MovieMaker)
- Download **b03tzLCD** - [click here](#)
- Extract the contents to C:\b03tzLCD
- Doubleclick b03tzLCD.exe in C:\b03tzLCD
- Select the b03tzLCD app on your Logitech Keyboard

If, for some reason, the program crashes on startup try to install .NET Framework 3.5: [click here](#) and try again.
